Imagine a unique opportunity in one of the most prestigious and breathtaking locations in the area, on a plot of land totaling 11.5 acres, where natural beauty and luxury harmoniously come together to create the ultimate sanctuary. The view offered by this specific area overlooking Aneratzas is truly enchanting, with the endless vista of the Aegean Sea taking your breath away, while the sun gently kisses the landscape daily, painting a picturesque scene to be enjoyed every moment.
The land itself, with its exceptional position, is a true gem in the heart of nature, providing a sense of seclusion and privacy, while maintaining immediate access to all the comforts and services of the region. Here, we will develop three stunning underground residences, each designed with the utmost luxury and harmony with the natural environment, with an area of 210 sq.m. each. These homes will set a new standard for modern luxury living, featuring spacious, bright interiors, high-quality materials, and sophisticated design that highlight the spectacular views and the natural landscape.
The potential is extraordinary, as the permit for these three residences will ensure immediate implementation, offering a high-value investment with promising profit prospects. On this plot, the connection with nature becomes an art form, luxury becomes everyday life, and the view turns into magic. It is the perfect choice for someone seeking absolute privacy, aesthetic harmony, and stunning scenery, in a location that promises not only an exceptional residence but also an unparalleled investment opportunity in one of the most coveted destinations.
