A first impression

Investment in this urban plot of almost 1.000 square meters, in very quiet area and with very good orientation in the urbanization of Bonaire / Alcudia, with views to the mountains.
Situated in the upper part of the urbanisation, in a wide street, surrounded by green areas, pine forest and plenty of parking space. In an area with almost no existing constructions and well connected.
The plot has the possibility to build a house and swimming pool with a total of about 300 square metres approximately, distributed in two floors and basement, garden of about 550 square metres. With very good orientation, with sun on the upper floors, from sunrise to sunset as well as views to the mountains.
There is the possibility of acquiring adjoining plot, with the same possibilities. Very interesting with the aim of realizing two joint projects, ideal for two families or a big family.
