A first impression

With 6 bedrooms this house offers style and spacious living in abundance. The main house has 4 big bedrooms all with air-conditioning. On the ground floor you will find a spacious double bedroom with ensuite bathroom with walk-in shower. On the first floor, there is the large master bedroom with ensuite bathroom with bath and walk-in shower, a double bedroom and a children's bedroom currently housing two full-size bunk beds. These two bedrooms share a generously sized family bathroom.

The main house offers an array of communal space with vast living room with stunning, grand fireplace as well as a snug/lounge/ workspace on the first floor. The fully equipped kitchen opens out onto the covered-terrace perfect for al-fresco dining and entertaining.

In the casita you'll find two further bedrooms large enough to fit a double and childrens bed with the second bedroom large enough to be a double or a twin room. Furthermore, there is a spacious bathroom with walk in shower and it's own covered terrace with bath for soaking under the stars.

The casita could also offer the ability to create your own personal gym, yoga or meditation space as well as home office.

Embracing the island life and it's natural resources, the house is powered by solar panels and also features an EV charger for electric cars. An osmosis machine means that you can enjoy filtered water rather than purchasing plastic bottles.

The 7 × 9m heated swimming pool with roman steps is surrounded by enough space for plenty of loungers. Opposite the pool is a characterful pergola shaded area perfect for BBQs and a romantic relaxing or dining space underneath the vibrant climbing bougainvillaea.
