A first impression

An extraordinary boutique development is taking shape in the heart of Palma, featuring just twelve exclusive new-construction apartments that blend modern urban living with the Mediterranean lifestyle. The contemporary architecture, high-quality finishes, and well-thought-out floor plans make these residences a unique opportunity for discerning buyers who want to enjoy life in Mallorca's capital to the fullest.

The apartments feature two or three spacious double bedrooms and two elegantly designed bathrooms each. Generous windows create a bright, welcoming atmosphere and allow plenty of natural daylight into the living spaces. The open-concept living and dining area forms the heart of each unit, while the modern built-in kitchen is harmoniously integrated, combining functionality with stylish design. Depending on the floor plan, private balconies, terraces, or rooftop terraces are available, offering additional outdoor space for relaxing moments, Mediterranean meals, and social evenings.

High-quality materials and modern building systems underscore the project's exclusive character. Underfloor heating and air conditioning with heating and cooling functions ensure comfortable living year-round. Built-in closets provide practical storage solutions, while the elevator offers convenient access to all floors. The contemporary design creates an elegant yet cozy home that is ideally suited as both a permanent residence and a stylish second home.

The location in the heart of Palma is one of this property's greatest advantages. The residential complex is just a few minutes' walk from the historic Old Town, the elegant shopping streets of Las Avenidas, and numerous cafés, restaurants, and shops. Cultural institutions and a wide range of recreational activities are also located in the immediate vicinity. Palma Airport is about a 10-minute drive away.

Optionally, you can purchase a parking space with pre-wiring for an electric vehicle charging station, as well as a convenient storage room in the basement.

With completion scheduled for March 2028, this new-construction project offers an attractive opportunity to secure ownership early on in one of Palma's most sought-after locations. With its exclusive size, high-quality finishes, and close proximity to urban life, this project uniquely combines modern living, comfort, and the Mediterranean quality of life.

Palma de Mallorca captivates visitors with its mild year-round climate, historic architecture, and a unique blend of culture, gastronomy, shopping, and an international lifestyle. The imposing La Seu Cathedral, the Almudaina Palace, the historic old town,

and the harbor define the city's distinctive skyline and make Palma one of the most attractive places to live in the Mediterranean region.
