Corvin Campus – A spacious, modern home in one of Budapest's most sought-after neighborhoods

We are offering for sale a 76.00 m² apartment on the 5th floor of the Corvin Campus by Cordia project, featuring a street-facing living room with an open-concept kitchen and two separate bedrooms. The apartment features a 15.73 m² terrace, providing a pleasant outdoor living space for everyday life.

The well-thought-out floor plan strikes an excellent balance between communal and private spaces. The spacious living-dining-kitchen area serves as the home's natural gathering place, while the two bedrooms provide comfortable living spaces for families, couples, or even those working from home. The separate restroom further enhances everyday comfort, and the large terrace is the ideal spot for relaxing or enjoying a morning coffee.

Corvin Campus is being developed in one of Budapest's most dynamically growing neighborhoods, right next to Corvin Promenade. Excellent transportation links and the proximity to universities, office buildings, shops, and restaurants offer an outstanding quality of life and a long-term, value-retaining investment opportunity.

The project features high-end technical specifications: a ceiling-mounted heating and cooling system, state-of-the-art energy-efficient mechanical systems, electric window shades, premium finishes and fixtures, as well as modern communal spaces designed for residents' comfort. The building also features a rooftop terrace with panoramic views, bicycle storage, an underground parking garage, and tastefully designed common areas.

Corvin Campus is the ideal choice for anyone looking for a modern, technically advanced home in one of Budapest's most exciting neighborhoods, or for those considering a sound investment.
