A first impression

Living in downtown Vicenza means experiencing the city at its most authentic. Located on Contrà Pescherie Vecchie, just steps from Piazza dei Signori and Piazza del Duomo, this apartment combines the character of a historic setting with a practical layout suited to everyday life.

Restaurants, cafés, shops and some of Vicenza's most recognizable landmarks are all within walking distance. The location is particularly appealing to professionals and military personnel who wish to enjoy a genuine Italian downtown lifestyle while remaining within approximately 8–10 minutes of Caserma Ederle and 10–12 minutes of Caserma Del Din by car, depending on traffic.

Inside, the home is defined by warm hardwood floors, exposed wood-beamed ceilings and coordinated wood finishes that create a welcoming sense of continuity throughout the apartment.

The spacious living room offers enough room to arrange both a comfortable seating area and a full dining space. Multiple windows bring natural light into the room and provide attractive views across the surrounding historic buildings. This is an inviting environment for relaxing at home, entertaining friends or simply enjoying the atmosphere of downtown Vicenza.

The separate kitchen is fully fitted and connects directly to the living area through wide sliding doors. It can remain open when entertaining or be closed off when greater privacy is preferred, combining the sociability of an open layout with the practicality of a dedicated kitchen.

The sleeping area includes a comfortable primary bedroom and a second bedroom that can also serve as a guest room or home office. A small balcony adds useful outdoor space to this part of the apartment.

Two full bathrooms make the layout especially convenient for a couple, a small family or visiting guests. One bathroom features a corner bathtub, while the second is equipped with a shower. Both are finished with distinctive mosaic tilework. A separate laundry room provides valuable dedicated space for household organization.

Air conditioning in the living area contributes to summer comfort, while the exposed beams and hardwood flooring preserve the architectural character expected from a home in Vicenza's historic center.
