All about the location

San Luca is a hamlet of the municipality of Marostica, in the province of Vicenza. Located northwest of the historic center, it lies on the ridge of the Volpare hill (one of the modest reliefs that precede the Sette Comuni plateau), dominating the Laverda valley from the east and the Inverno valley from the west.
The peaceful settlement can be easily reached from the center of Marostica by taking the scenic road alongside the historic walls. Much appreciated by families for its tranquility and healthy air, thanks to the nearby hamlet of Crosara it enjoys all the main necessary services : kindergarten, primary and secondary schools, pharmacy, post office, clubs, etc.
The area is much appreciated for the naturalistic excursions that the landscape offers and frequented by cyclists for the continuous gradients with little traffic.
