A first impression

This marvelous detached villa, built in the early 2000s with a view of the hills, is an elegant residence that harmoniously blends modern elements with luxurious details. The property is situated in a privileged location, offering breathtaking views of the surrounding hills. The architectural structure features classic and clean lines, with large windows that provide panoramic views from every corner of the house.

The main entrance welcomes guests into a bright atrium, adorned with exquisite marble flooring that reflects the natural light streaming in from the windows. The walls are painted in neutral tones to create a refined and welcoming atmosphere.

From the central staircase entrance, on the left unfolds a spacious living area: the living room is an expansive and open space furnished with high-quality contemporary furniture. The marble flooring extends into this area, adding a touch of luxury. A modern and imposing French marble fireplace becomes the focal point of the living room, creating a warm and inviting atmosphere.
On the right side of the entrance, a formal dining room is strategically positioned, communicating but separated from the kitchen area.

The kitchen is a combination of functionality and design. Custom-made cabinets with precious wood finishes seamlessly integrate with modern appliances and marble surfaces. A central island provides space for meal preparation and also serves as a breakfast area. This space is designed to be lived in daily and is large enough to accommodate informal dinners with friends and family. It opens directly onto the porch facing the pool, an ideal place for outdoor dining during the beautiful season. An elegant service area completes the living area.

Upstairs, the sleeping area consists of 4 bedrooms and 2 bathrooms. The generously sized master bedroom features a private bathroom and a walk-in closet. The bedrooms are spacious and bright, with precious wooden floors and large windows that allow for panoramic views. The bathrooms are true sanctuaries of relaxation, with elegant marble finishes.

In the basement, there is ample space for car storage, over 120 square meters, accessible with a car elevator system, in addition to accessory and technical rooms.

The villa boasts expansive outdoor spaces, including a covered terrace and a well-maintained garden. An infinity pool offers an ideal place to cool off during hot summer days, all surrounded by a natural landscape that creates an atmosphere of tranquility and serenity.

Overall, this villa from the 2000s with a view of the hills is an architectural masterpiece that combines modernity with luxury, offering a sophisticated lifestyle in a picturesque natural setting.
